

Pre-Admitting

At Anderson Regional Medical Center, we believe that admission to the hospital should be both simple and quick. The first step is that your doctor makes a reservation for you. If the doctor's reservation is made a few days prior to your scheduled admission, we may call you for more information to make your admission faster on the day you arrive. To make your pre-admission go faster, you may also submit your pre-admission forms for Ob/Gyn Pre-admission or General Admission by fax to 601.553-6783.
